EXPERIENCE

❖ QA and Release Management Compliance Senior, Rockstar Games Oct 2019 — Present Lincoln

Key responsibilities:

- Provided ongoing support for local and/or remote testing teams in order to aid knowledge transfer and maintain sufficient skill-levels among all testing teams
- Conducted manual testing, issue verification and regression to ensure that the project adheres to the Sony TRCs

Wins:

- Founded, trained and managed a new Sony oriented Night Shift team
- Implemented new verification methods which reduced the testing time of certain test cases by 75%.
- Created new test plans for the projects in development
- Trained both experienced and inexperienced new employee, getting them up to the expected in a short period of time.

❖ Compliance Analyst - Compliance and Certification, Electronic Arts Oct 2016 — Sep 2019 Bucharest

Key Responsibilities:

- Reviewed technical, test and creative briefs with the Development Team
- Creating and updating Test Plan, Bug Estimates documents and Projections
- Pre-integration Testing (shelf testing) using Perforce
- Coordinating and supervising the test team
- Compile potential improvements based on the results of the testing process.

Wins:

- Established excellent relationships with both internal and external partners based on communication
- Together with my team, managed to reduce the actual test time by a large margin
- Three consecutive years of submissions with no returns from First Party

❖ Compliance Tester II, Electronic Arts Dec 2015 — Sep 2016 Bucharest

Key Responsibilities

- Confirmation testing
- Regression testing
- Leadership Responsibilities in lead's absence

❖ Compliance Tester, Electronic Arts Apr 2015 — Dec 2015 Bucharest

Key Responsibilities
